“If you are thinking about studying abroad, just say yes. Take advantage of the opportunity to do something unique and spice up your life.” – Adam Bossert ‘13

Experience AME Abroad!
Expose yourself to different styles in architecture, sound design, and the science behind the performing arts.

Why Study Abroad?

Open your eyes to the world. Science and technology have no borders! Invest in your future by developing cross-cultural skills that will enable you to communicate with scientists anywhere in the world.

Enhance your career. Learn how to function in a culturally diverse environment early on. Develop broader skills, and ability to adapt to new environments.

Personal growth. See your culture and yourself from a different perspective. Learn to appreciate other languages and cultures, while better understanding your own cultural values.

What are my first steps?

• Attend an information session
• Research programs
• Meet with study abroad advisor

Did you know?

You do not need to speak another language to study abroad. Many programs offer courses in English.
Some recommended programs for your major:

**Canberra, Australia**
Program: Australian National University (ANU)
http://www.anu.edu.au

**Singapore**
Program: Nanyang Technological University (NTU)
www.ntu.edu.sg/

**Hong Kong**
Programs:
Chinese University of Hong Kong
www.cuhk.edu.hk/
Hong Kong University of Science and Technology
www.ust.hk/

Financial Aid
Financial Aid Counselors meet with students by appointment to discuss their specific study abroad plans and financial aid eligibility.

Scholarships
There are many scholarships and loans designed specifically for study abroad. We strongly encourage you to consider applying. UR students have won these scholarships or used this aid in the past.

Getting Credit
For major or departmental credit, see:
